Destruction of Piratical Junks by H. M's Gunboat " Grasshopper! The Gunboat Grasshopper under command Lieut. Walker has again been distinguishing her self up the East Coast, destroying piratical junks. The following is a short necessat of the affair. On the afternoon of the 23rd September some Uhinamen gave information to H. B. M's Consul at Amoy to the effect that a Brig had been uttacked by a squadron consisting of five piratical junks, near to a place called Kankow, not far from Swittow, and that having murdered all hands the pirates had taken possession of the cargo and sunk the ship. The informants were unable to state

either the name or nation of the brig. On this information the Consul communicated with the commander of the Grasshopper, then in port, who proceeded to sea Immediately taking a Mundarin and an Interpreter, and arrived off Kankow the same night, but none of the parates were visible. The next day was spent in oruis. ing about in an unsuccessful scarch for the junks. On the 25th of September the District Mandarin pointed out a small junks which he declared to be pirates, and asked for the assistance of the Gunbout to burn them, which was given, and the junks then landed at Kankow and searched the larger houses to en leavour to discover if possible some traces of the pirates, in this however they were also disuppointed. Having spent the six following days in cruizing about without having fallen in with the junks they were in scarch of, Licut Walker returned to Amoy on the 1st of October. On the 3rd he received information which induced him again to put to sea; this time he proceeded [Co.), London. to Namos, and on the oth October came in sight of 4 of the 5 verifuble junks they were in search succeeded in getting away; the other three were hemmed in in shallow water with their broadsides.
